

```
#include<stdio.h>
void main(){
    int seconds;
        printf("Enter the number of the seconds: ");
    scanf("%d",&seconds);

    int p1 = seconds % 60;
    int p2 = seconds / 60;
    int p3 = p2 % 60;
    p2 = p2 / 60;
    printf( "%d:%d:%d",p2, p3, p1);

}
```
